J MENDEZ

SESSION RATE PLAN

PREPARED FOR

LOUIE HUMBLE

Your session rates, royalties & a faster way to finish songs

From J Mendez · November 2026

Louie, I like working with you and I want to help you finish more songs, faster. So here's a rate that's just for you, with two ways to book. Pick the one that works best for you.

J MENDEZ

YOUR TWO OPTIONS · 4-HOUR SESSION

OPTION 1 **Keep your royalties**

$200

per 4-hour session

~~$300~~ You save $100 every session

100% of your royalties stay with you. Nothing to split.

OPTION 2 **Lowest rate**

$165

per 4-hour session

~~$300~~ You save $135 every session

20% of the master royalties go to J Mendez, on songs recorded at this rate.

What a finished song costs you

	PER SESSION	ONE SONG (2 SESSIONS)	ROYALTIES YOU KEEP
Regular price	$300	$600	100%
Option 1	**$200**	**$400**	**100%**
Option 2	**$165**	**$330**	**80%** of the master

01 HOW IT WORKS

The same rules for both options.

Every session includes (both options)

- Full studio & equipment access
- Engineered personally by J Mendez
- Vocal recording & comping
- Rough mix before you leave
- Treated booth & full monitoring

1 Two sessions per song

Each song gets two sessions at your rate. If a song needs a third session, that one is the regular price ($300).

2 $60 deposit when you book

It counts toward your session. If you cancel or don't show, the deposit isn't refunded.

3 A rate just for you

This rate isn't on the website. Please keep it between us.

4 We put it in writing

Before your next session, we'll sign a short agreement that lists the option you picked.

02 FINISHING SONGS FASTER

No writing needed. Less time figuring out what to say, more time recording.

1 Pick the concept first

Choose the beat, a title or topic, and a reference track before you come in. Deciding what the song is about takes the most time.

2 Voice memos at home

You'll get the beat a few days early. Freestyle into your phone and send the memos, so you show up already knowing your flow and hook.

3 Hook first, always

We lock the hook before starting verses. The hook sets the topic, and the verses go faster after it.

4 Freestyle, comp, punch

Freestyle 4–6 passes over the loop. J Mendez keeps every take and comps your best lines, then you punch in to fill the gaps.

5 One song at a time

We finish a full rough before starting a new song, and you leave every session with a rough mix.

→ **A typical session:** concept and voice memos are done before you arrive → hook (first hour) → freestyle passes for verse 1 → punch-ins → verse 2 → rough mix before you leave.

03 HOW THE 20% WORKS

Only if you pick Option 2. With Option 1, there's nothing to set up.

80% You	20% J Mendez

Master royalties on songs recorded at the $165 rate

? What it covers

The money the recording earns from streams and sales, paid out by your distributor. Only songs recorded at the $165 rate.

✓ Your songwriting stays yours

The 20% only comes out of the master. Your songwriting and publishing share isn't affected.

$ Paid automatically

Add J Mendez on your distributor's splits feature (DistroKid, TuneCore and others have one). Each share pays out on its own, so nobody has to chase anybody.

∞ It stays with the song

The 20% stays with those songs for as long as they earn, including if you sign to a label later.

04 NEXT STEPS

Getting started.

1. **Pick your option.** Option 1 ($200, keep 100%) or Option 2 ($165, 20% of the master to J Mendez).
2. **Sign the short agreement** before your next session.
3. **Book your session** with the $60 deposit.
4. **Send your concept and voice memos** before the session.

AT A GLANCE

OPTION 1 · $200

Per 4-hour session. You keep 100% of your royalties.

OPTION 2 · $165

Per 4-hour session. 20% of the master to J Mendez.

BOTH

Two sessions per song, $60 deposit when you book.

This plan is a summary. The signed agreement is what counts.
